

Blacksmith Roofing is a growing company looking to add a Roofing Repair Technician to our team.

Please note: We are NOT looking for roofing crews to install new roofs, only a technician to complete repairs on existing roofs.

The Roofing Repair Technician will work independently on repairs under the supervision of the Project Manager. All job locations are in Tulsa County and the nearby surrounding counties.

Typical work will include repairs to asphalt shingles, flashing, and caulking nailheads.

The right person for this job will:

- Be skilled in roofing repair work and comfortable working on a roof
- Possess a valid Driver's License
- Exhibit honesty and integrity between both the employer and customer
- Communicate well via phone, text, or email as needed
- Able to take and upload photos to document the work completed

Why Work Here?

At Blacksmith Roofing you can expect to work hard in a supportive environment built on Ironclad Ethics and providing outstanding customer service. Repair technicians can expect great pay and flexible hours with the security of working in an industry that didn't just survive a pandemic, but thrived through it. We are seeking candidates that will embrace our company values and help us grow.

If you are interested in applying for this position, please send your resume and/or work experience to info@blacksmithroofing.com
